

# SuperDuo Twin Cube Bands

**ADDENDUM**

**UPDATE:** *SuperDuo beads work wonderfully as a substitute for Twins beads!*

## **MATERIALS: BAND 1**

*(for a 7-inch bracelet, not including clasp)*

- 3 yards of 6 lb. FireLine
- About 200 size 11/0 seed beads
- About 64 Color1 SuperDuo beads
- About 16 Color2 SuperDuo beads
- About 36 size 3mm cube beads
- clasp

## **MATERIALS: BAND 2**

*(for a 7.25-inch bracelet, not including clasp)*

- 8 yards of 6 lb. FireLine
- About 400 size 11/0 seed beads
- About 72 Color1 SuperDuo beads
- About 24 Color2 SuperDuo beads
- About 96 size 4mm cube beads
- clasp

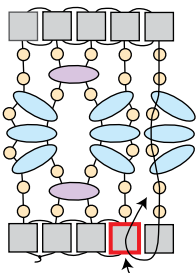

### **SUPERDUO VERSION CHANGES TO BAND 1: STEPS 29 TO 31 ONLY**

Substitute SuperDuo beads for Twin beads and follow the steps for each band as written. A minor tweak is needed, however, for Band 2: Because SuperDuo beads are tapered rather than oval like Twin beads, the seed beads between the SuperDuo beads along the outer edge of the motif will not protrude as much as they do when you use Twin beads.

As such, you can't really grab the seed beads from the adjacent motif as instructed and work these steps as you would for Twin beads. Instead, when you use SuperDuo beads, Steps 29-31 will be combined into one step and should read as follows:

**STEP 29-31:** String two seed beads, a Color1 SuperDuo bead, a seed bead, a Color1 SuperDuo bead, a seed bead, a Color1 SuperDuo bead, two seed beads and a cube bead.

Go around and up through the cube bead highlighted in **RED**:

Subsequently, the individual motifs will abut one another but will not be joined.
