STEP 15: Flip the bracelet over so that you are exiting from the bottom of the right-most seed bead:

STEP 16: Repeat Step 7 to Step 15 until your bracelet is the length you want it, *minus* about a half-inch and the length of your clasp.

STEP 17: To attach one side of your clasp, make a loop of seed beads that will circle round through your clasp: String two seed beads, go through your clasp, string two more seed beads and go back down through the seed bead that you exited at the beginning of this step:

Go back around through these seed beads and the clasp several times. Weave back through the bracelet, going around through the outside of each motif to strengthen and tighten up the beads. Knot in several places and cut your thread. Use the tail thread from Step 1 to attach the other side of the clasp.
